

ROLEX

DATEJUST 36

Oyster, 36 mm, Oystersteel

**THIS OYSTER PERPETUAL
DATEJUST 36 IN
OYSTERSTEEL FEATURES AN
OLIVE GREEN, PALM MOTIF
DIAL AND AN OYSTER
BRACELET.**

The light reflections on the case sides and lugs highlight the elegant profile of the 36 mm Oyster case, which is fitted with a domed bezel. Aesthetically, the Datejust has spanned eras, while retaining the enduring codes that make it, notably in its traditional versions, one of the most recognized and recognizable of watches.

OLIVE GREEN DIAL A DISTINCTIVE FACE

The dial is the distinctive face of a Rolex watch, the feature most responsible for its identity and readability.

OYSTERSTEEL HIGHLY RESISTANT TO CORROSION

Rolex uses Oystersteel for its steel watch cases. Specially developed by the brand, Oystersteel belongs to the 904L steel family, alloys most commonly used in high-technology and in the aerospace and chemical industries, where maximum resistance to corrosion is essential.

Oystersteel is extremely resistant, offers an exceptional finish once polished and maintains its beauty even in the harshest environments.

THE OYSTER BRACELET ALCHEMY OF FORM AND FUNCTION

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterclasp and the Easylink comfort extension link, also exclusive to Rolex. This ingenious system allows the wearer to increase the bracelet length by approximately 5 mm, providing additional comfort in any circumstance.

THE CYCLOPS LENS A MAGNIFYING LENS

The Cyclops lens is one of the most distinctive Rolex features, and one of the most recognizable. Named after the one-eyed giant of Greek mythology, the Cyclops lens magnifies the watch's emblematic date display two and a half times for easy reading. Behind the Cyclops, as with every feature of a Rolex timepiece, lies a history of invention, research and development, and the endless search for perfection.

3235 MOVEMENT SUPERLATIVE PERFORMANCE

The calibre 3235 is a new-generation movement entirely developed and manufactured by Rolex. This self-winding mechanical movement is at the forefront of the art of watchmaking. A consummate demonstration of Rolex technology, it offers fundamental gains in terms of precision, power reserve, resistance to shocks and magnetic fields, convenience and reliability. It incorporates the new Chronergy escapement patented by Rolex, which combines high energy efficiency with great dependability. Made of nickel-phosphorus, it is also insensitive to magnetic interference.

Specifications

Reference 126200

MODEL CASE

Oyster, 36 mm, Oystersteel

OYSTER ARCHITECTURE

Monobloc middle case, screw-down case back and winding crown

DIAMETER

36 mm

MATERIAL

Oystersteel

BEZEL

Domed

WINDING CROWN

Screw-down, Twinlock double waterproofness system

CRYSTAL

Scratch-resistant sapphire, Cyclops lens over the date

WATER RESISTANCE

Waterproof to 100 metres / 330 feet

MOVEMENT

Perpetual, mechanical, self-winding

CALIBRE

3235, Manufacture Rolex

PRECISION

-2/+2 sec/day, after casing

FUNCTIONS

Centre hour, minute and seconds hands.
Instantaneous date with rapid setting.
Stop-seconds for precise time setting

OSCILLATOR

Paramagnetic blue Parachrom hairspring.
High-performance Paraflex shock absorbers

WINDING

Bidirectional self-winding via Perpetual rotor

POWER RESERVE

Approximately 70 hours

BRACELET

Oyster, flat three-piece links

BRACELET MATERIAL

Oystersteel

CLASP

Folding Oysterclasp with Easylink 5 mm comfort extension link

DIAL

Olive green, palm motif

CERTIFICATION

Superlative Chronometer (COSC + Rolex certification after casing)
